## SERVICE BOARD NOTES

**H. S. Burns, Field Supervisor**

This is the season of Agricultural short courses in Alberta. This is part of the effort of the Department of Agriculture and other departments of the government to bring to the rural people timely knowledge pertaining to agriculture and farm living.

Care and nutrition of livestock, care and purchasing of farm machines are only samples of the various subjects dealt with from time to time. Also sections for the ladies are carried on at the same time under the direction of the District Home Economist.

There are two of such courses to be held in the County of Vulcan in the near future, namely Arrowwood and Vulcan, dates to be announced shortly.

Plan now to attend at least one of these short courses at least, or if you can attend both we are sure that much useful information can be gained.

## Year of Progress For Golf and Country Club

A year of good progress was reported at the annual meeting of the Vulcan Golf and Country Club, held Jan. 22. Debentures to the amount of over $10,000 have been sold and it is hoped to sell another $5,000 worth to enable the club to clean up its bank loan and outstanding accounts. Total assets amount to $24,567 as against liabilities of $10,475 debenture debt and about $5,000 in loans, accounts payable and interest payable.

The new clubhouse has a cost value of $16,434 and furniture and fixtures to the value of $1,687 were purchased and installed last year through the efforts of the ladies of the cub.

Satisfaction with the manner in which affairs of the club had been conducted was expressed by the members at the meeting and officers for the year 1958 were largely re-elected from last year's slate.

Again named as president was R. J. Buehler, with J. M. Jamison re-elected first vice-president and D. S. Paris second vice-president. Charles Fulton was named secretary-treasurer and directors are Ray Wellman, Robert Willard and Harold Boutland.

The club has about 200 active golfing members and an increase in membership is anticipated this year, when there will be a full season of golfing. The meeting approved an increase in fees to meet the estimated cost of operation during the 1958 season and endorsed the idea of continuing social functions for members during the winter months.

A color movie of the 1957 Canadian Open Golf Tournament was shown.

Success come before work only in the dictionary.

Quality has everything in its favor including the price.

## Alberta Artists' Work Exhibited

Twenty-one pictures, featuring the work of Alberta Community Art Class students, were sent to Vernon, B.C., by the Department of Extension, University of Alberta. The Department is conducting province-wide are classes at which professional instruction by university lecturers is generally available twice monthly to everyone interested.

This exhibition shows the high standard of work achieved and contains some of the pictures which were exhibited in Toronto and the Canadian National Exhibition.

Miss Connie McFarland of Vulcan is one of the 17 community art class artists whose work is represented in the exhibition.

## Farm Forum Meets

The Gaye West Farm Forum in discussing the topic, "Producer Marketing," felt that it was very difficult to ascertain where the responsibilities of a "Co-op" ended and marketing boards began.

The Forum agreed that a marketing board could stabilize as well as increase the pprice of certain products. If such a board then was efficient and worthy it should have complete control of the product. The group also felt that cooperatives could help to achieve these same things to a degree. When asked what other ways there were of achieving these same things the only thing mentioned was privat enterprise.

Feb. 3, the forum will meet to discuss "Let's make it Legal," regarding land titles, legal rights, etc.

## Regular Meeting Thigh Hill W.I.

The January meeting of Thigh Hill W.I. was held at the home of Mrs. Elwood Myers, Thursday, Jan. 9, with 10 members answering the roll call with "The Nicest Present I Received at Christmas."

Among matters discussed during the business session was a Valentine tea, bake sale and sale of aprons, to be held Saturday, Feb. 8, in the Legion Hall in Vulcan.

Correspondence was light and dealt with routine matters.

The tea raffle was won by Mrs. Martin Gottenberg after which a delicious lunch was served by the hostess assisted by Mrs. Lawrence Orchard.

**GUILTY HUMAN HANDS**

The belief that spontaneous combustion starts forest conflagrations is without foundation. Four-fifths of the fires in most provinces are set by pulic carlessness, although lightning plays a major part in northern Ontario and British Columbia. Campfires and lighted tobacco account for a third of the out-breaks in all Canada.

## Two Hockey Games Planned

It is just possible that with continued co-operation of the weatherman, the 1957-58 hockey season will get underway this weekend. Two games are lined up; the first an affair on Friday night when the Vulcan club goes against Calgary R.C.A.F. of the Service League, and the second a Sunday afternoon whirl at 2:00 o'clock. Visitors will be the Hillhurst Club, also from Calgary.

The local club held workouts last weekend and Tuesday and Wednesday nights of this week and among faces likely to be on the ice are, Garvin in goal; Pruden, Larkins, Jantzie, Wright, Benny Dann, on defence; while up front may be Jesse, Mensinger, Saxby, Bobby Dann, Jordan, Kehr, Walker, Bell, Mitchell and Bear.

## New Street Lights Will Brighten Downtown Area

A Calgary Power crew has been in town the past week, constructing a new line for the Memorial Ave., sub-division.

This week, work started on the installation of new street lighting in the business section of the town. The new lights will be of the mercury vapor type, which give considerably more illumination than the regular incandescent type, and there will be more lights in each block.

Installation and maintenance of the lights is done by Calgary Power, with the town paying a flat rate per light per month.

## Care Suggested In Buying Seed

In Magistrate's Court at Morinville on Jan. 7, North Sask. Seeds Ltd., 1805 Cornwall Street, Regina, Sask., was fined $100.00 for operating as an unlicensed seed dealer in the province of Alberta.

The charges had been laid by the Field Branch, Alberta Department of Agriculture and arose out of activities of the company's agents in the Morinville district. These salesmen promoted and sold of an inferior oat variety, Clintland, at exorbitant prices. In promoting sales a contract to purchase part of the seed produced was offered to the farmer. Due to the present difficulty of marketing gain a number of farmers signed a contract and puchased order without careful study.

The supervisor of Crop Improvement Service, R. L. Pharis suggests that farmers who are approached by unknown seed salesmen should very carefully consider what is being offered. If a contract to purchase the farmer's production from the seed is offered as an incentive, then the salesman should be requested to produce his license card. Such a card is required by all dealers purchasing seed in the province of Alberta and is proof of their responsibility.

Tomorrow is the greatest labor-saving device of today.

The beaver in prehistoric times sometimes attained a weight of 500 pounds.

Mrs. Irvin Barton of Cooksville, Ontario was judged Canada's cook of the year at a grand Bakeoff in Toronto (Tuesday, January 14.) She is shown here receiving her cash prize of $2,500 from W. F. McLean, president of Canada Packers Limited, sponsors of the three-month Bakefest. Mrs. Barton won with a cookie recipe Apricot Toasties. The top ten cooks, of whom Mrs. Barton was one, were brought to Toronto on an all-expense-paid trip to compete for the big prizes.

## Judge L. H. Stack Retires Jan. 31

JUDGE L. H. STACK

Well known in Vulcan, where he was a lawyer for many years before moving to Calgary, Judge Luke Hannon Stack will retire at the end of this month after serving as a District Court judge in Calgary for the past 13 years.

He will be replaced by well-known Calgary barrister, Hugh C. Farthing, Q.C., whose appointment to the bench was announced this month.

Judge Stack and his wife live at 609, Sifton Blvd., Calgary.

His daughter, Kathleen is the wife of city lawyer Reginald McColough. His son, Edward D. Stack is practising law in Edmonton, while another, Louis J. Stack, is with the legal department of Petrofina Oil Co., Ltd.

Judge Stack attends St. Mary's Cathedral, is a fourth degree member of the Knights of Columbus, and a member of the Calgary Golf and Country Club.

## Regular Meeting Ladies Auxiliary

The first meeting of the Ladies' Auxiliary to the Canadian Legion, in the new year was held Wednesday, Jan. 15, with 20 members present. Mrs. L. Kuykendall, the newly elected president, was in the chair and conducted the meeting, assisted by the new secretary-treasurer, Mrs. Ross Best.

Mrs. C. Mullhal, whose application for membership was received at the last general meeting, was initiated and welcomed as a new member.

The auditor's annual report was read and showed the branch auxiliary had enjoyed an active year and had made many worthwhile contributions to veterans' hospitals and other projects.

Committees for the next three months were appointed by the president and Mrs. C. Matlock and Mrs. G. Bell were appointed flag-bearers for the year.

Final plans were made for the card party to be held Thursday evening, Jan. 23, in the Legion Hall, to which the public is cordially invited.

Mrs. Earl Carruthers, the immediate past president, was presented with a small gift in appreciation of her three years in the chair.

At the conclusion of the business period lunch was served by a committee.

New Officers Elected

## Fish & Game Assoc. To Ask For Game Warden

Jock McIntyre of Champion was elected president of the Champion Fish & Game Association at the annual meeting held Jan. 23. He suceeds Wayne Anderson.

V. Jordan was elected secretary-treasurer and a membership committee, with one representative from each district, was appointed as follows: Montie Findlay, Vulcan; J. McIntyre, Champion town; Ross Ruggles, East Champion; W. Wolfe, West Champion; Carl Nelson, South Champion.

Concern was expressed at the amount of pre-school shooting occurring during the two weeks prior to the opening of the upland game bird season and also at the amount of shooting being done from automobiles during the upland bird season. A resolution was passed that an effort be made to have a game warden for the County of Vulcan appointed to enforced shooting regulations prior to and during the hunting season.

It was decided that two members would represent the Association at the provincial convention in Lethbridge.

The prize for the heaviest trout caught during the past season went to L. Bester and the heaviest pike caught was recorded by Victor Lebsack.

Displayed at the meeting was an 11 pound rainbow trout netted in Grassy Lake. Trout were planted in Grassy Lake in 1952 and during the short netting season this year trout up to the weight of 15 pounds have been taken.

## Church Group Names Officers

Group two of the United Church Women's Association met at the home of Mrs. Guy Voisey on Jan. 16, with an attendance of eleven members present.

The convener, Mrs. Kuykendall, occupied the chair and conducted the meeting.

Mrs. W. Oldfield read the scripture lesson and Mrs. Voisey took the devotional reading entitled, "Another Way."

The election of a new slate of officers for 1958 resulted as follows: Convener, Mrs. W. Oldfield; vice-convener, Mrs. M. Morrison; secretary-treasurer, Miss Lynetta Parslow. Mrs. Morrison offered to act on the manse committee in place of Mrs. Peters, who wished to be excused.

The pot luck supper for the annual church meeting was discussed and a work committee appointed. It was decided to cater to a wedding reception in February. Mrs. Kink will act as convener and Mrs. Kuykendall, Mrs. McPherson, Mrs. Craig and Mrs. Morrison will assist her.

It was suggested that a very good educational film is available, and it was decided that to make the necessary arrangements and hold a public meeting for showing this film.

The secretary read "What the Women's Association Can Mean to the Church," after which the roll call was answered by eleven members. Seventeen calls were reported made on the sick and shut-ins.

A very delicious lunch was then served by the hostess. Mrs. Parslow moved a vote of thanks to Mrs. Voisey for so kindly donating her home on such short notice and for the lovely lunch served.

## THE WEATHER

Temperatures continue above normal for January, although there was a two-inch snowfall at Vulcan Tuesday night of this week and Wednesday morning was dull and foggy. Predicted high and low for Wednesday was 30 above and 10 above.

## Badminton Club Hosts High River and Armada

The past two Friday evenings have proven busy ones for members of the Vulcan Badminton Club as they hosted first High River, then the Armada Badminton Clubs.

With 35 to 40 players displaying their talents on each occasion the new table tennis equipment was put to good use as the players waited for their matches.

On both occasions president Nelson Jamison welcomed the guests while a committe of Bob Petrosky, Neil Garvin and Dave Mitchell were kept busy running the draw.

Following each occasion the ladies of the club, under the capable leadership of Thora Garvin, served a delicious lunch to round out activities.

The local club plays every Friday and Sunday nights at 8 p.m. in the Vulcan Armouries. Anyone wishing further details may contact Nelson Jamison or Don Larkins.

## W.M.S. Meets

The Vulcan United Church W.M.S. met at the home of Mrs. J. Mannen Jan. 23, with nearly the full slate of officers and members present. Following the worship service a chapter from the Japan study book was read and discussed.

It was decided that the annual tea, apron and bake sale would be held in the Sunday School room at the church on March 15. The ladies of the church are reminded that mite boxes are available from the church secretary, M. R. Morrison, and donations to the W.M.S. are to be returned at Thanksgiving in October. The special endeavor at this time is to help the Indian people in Northern Alberta.

The Presbyterial meeting will be held at Nanton Feb. 10, and the Women's World Day of Prayer at Vulcan Feb. 21.

Polo was developed in India.

## Clothes Needed For Refugee Babies

In a letter received by Mrs. Lorna Gerding, secretary of the Berrywater local of the F.W.U.N. from the office of Dr. Lotta Hitschmanova, executive director of the Unitarian Service Committee of Canada, she outlined the needs and objectives of the USC to aid refugee babies. An appeal for layettes, which are to include four diapers, two nighties, two jackets, two vests, one towel, one cake of laundry soap, one binder, four safety pins and a crib blanket. New things are not being asked for, just garments that are no longer needed and which are still usable. These articles are for Arab refugees.

The appeal for Korean children is for funds to build an Out Patients Pavilion, T.B. children. The hospital in Seoul urgently needs diapers, pyjamas and nighties for the small patients, who range in age up to 14 years. It is also the aim of the organization to send 25,000 pullovers and sweaters to Korea and other needy areas, for children from 3 to 15. The USC has purchased grey yarn, especially manufactured for them at a reasonable cost and will be glad to send it to any organization with women willing to knit the wool into garments. The letter concludes with this appeal "When you go through your cupboards, please remember that in Korea or Greece warm clothing can make the difference between life and death. Please spread the need of this crying need and freezing people will be grateful to you."

The Berrywater people have interested themselves for some time in the needs of the USC and have "adopted" an Indian boy from Andra Pradesh, India, and are making themselves responsible for his schooling and welfare.

## Elusive Prosperity

According to a recent survey made by the Gallup Poll of Canada, more than two Canadians in three believe that, over the past ten years, their incomes have not kept pace with rising prices. Prosperity is still around the corner for them, and the corner seems to be farther away than ever.

Statistics do not confirm this belief. The latest available index of weekly earnings, for August, 1957, is 155.7 compared with the base figure of 100 for 1949. The consumer price index has risen during the same period from 100 to 122.6. Since both index numbers are compiled by the Dominion Bureau of Statistics from samples taken across the country, they should be a fair reflection of actual conditions. Some incomes may not have kept pace with prices, but it does not seen credible that two thirds of them have not, no matter what the earners may think.

In considering the answers given to the Gallup questioners, some allowance should be made for the human traits of pessimism and optimism. Pessimism deters a person from admitting to others or to himself that he is really more prosperous than he used to be, for fear that the envious gods will visit disaster upon him. Optimism impels him to increase his standard of living as his wages increase, sometimes beyond the point that his actual wages justify. For example, a wage earner who thought some years ago that he could not afford a car probably owns one now and the cost of gasoline and repairs has become part of his family budget. If his family has increased in size, he is spending more on food, clothing and shelter. He has probably increased his insurance premiums. If he buys his car or washing machine or television set on the instalment plan, he has added to his budget some interest charges that are not computed in arriving at a figure for the consumer price index.

And then there are the taxes, of which the average wage-earner seldom thinks. He is paying more of his earnings to the government than he did ten years ago, both because he is earning more and because he is in a higher tax bracket. But he pays attention only to his take-home pay and does not realize that he is forced to share his prosperity with the many beneficiaries of government handouts here and abroad.

In spite of the statistics, there is much to be said for his impression that he isn't getting ahead very fast, but he is wrong in blaming that on high prices. Some blame attaches to himself and much to the extravagance of governments.

DAVIES—In loving memory of our dear husband and Dad who passed away Jan. 31, 1957.
Just one year is drawing nigh,
Since you went away, and never said goodbye,
And I have wondered why Bod chose that day?
To call you home on our son's birthday.
We hope you are resting from care and pain
That you must have had, tho' you didn't complain,
And we who are left will have faith, and pray
That the light has come, and cleared the mysteries away,
And when we meet, on that beautiful shore
We'll all be together fore evermore.
—Lovingly remembered by his wife Caroline, daughters, Shirley, Glenna and son, Murray and grandchildren.
